Eltham Church of England Primary School

Proposal to Expand the Physical Capacity and the Planned Admission Number from 45 to 60 with Effect from September 2016

Consultation Document

I. Introduction

The Royal Borough of Greenwich has a statutory duty to ensure there are sufficient school places for all residents who apply for one. Over the last four years the demand for Reception places at Royal Greenwich primary schools has risen by 23% and all the available data indicate that this trend will continue into the medium term.

As part of the Council's strategy to ensure there are sufficient school places where and when they are required, the Royal Borough of Greenwich, the Governing Body of Eltham Church of England Primary School, and the Southwark Diocesan Board of Education, would like to consult you about a proposal to expand the capacity of the school from 315 to 420 places from September 2016.

This is the first stage of the consultation process and the purpose of this document is to set out, for your consideration, the information relevant to the proposal to expand the school. A questionnaire is attached and you are invited to tell us your views on the proposal by completing the questionnaire and returning it to the address provided.

2. Demand for places at Eltham Church of England Primary School

Eltham C of E Primary School is a popular and successful school which offers places for 315 children aged 4-11 including 45 Reception class places (i.e. one and a half forms of entry) serving mainly Eltham North Ward. The demand for school places in this area has been rising over the last four years due to population growth. The number of births in this ward has risen from 533 in 2008 to 576 in 2011, an increase of 8 per cent.

At the May 2013 School Census, there were 310 pupils on the roll at the school which meant that there was only five vacant places across the whole school. For admission in September 2013, there were 181 applications for the 45 Reception year places available, ten more than applications for admission in September 2012. This means that more local children are unable to gain a place at this successful school. Moreover children whose parents move into the area after the start of the school year are unlikely to secure a place even if the school is the nearest to where they live.

Eltham C of E is judged to be an outstanding school by Ofsted. The Governing Body and the Council are confident that the school has the capacity and leadership to continue to provide high quality education with a higher roll. The school site is also suitable to facilitate the expansion.

The existing school building is in poor condition and the agreement of central government has been secured for the school to be rebuilt under the Priority School Building Programme. The rebuilding of the school is scheduled to start in 2014/15 and the plans present an opportunity for the school to be expanded to two forms of entry to cater for the predicted level of future demand.

3. Proposal to Increase the Capacity and Planned Admission Number of Eltham C of E Primary School

In response to the growing pressure for primary school places in this area and particularly for places at Eltham Church of England Primary School, the Governing Body of the school and the Royal Borough of Greenwich are proposing to enlarge the school and increase its total capacity from 315 places to 420 places, on a permanent basis, starting from September 2016. This will mean that the school will have capacity to admit two forms of entry, i.e. a total of 60 places for each year group, starting with the Reception Year in 2016. The total school roll will then increase year by year until it reaches its full capacity of 420 in 2022.

The admission criteria and arrangements will remain the same, but it is anticipated that the increase in the school's capacity will enable more local children to be admitted on the basis of the distance to school criterion. If this proposal to enlarge the school and increase its capacity is agreed, it is not expected to have any detrimental impact on the roll of other schools in the immediate local area.

4. Capital Requirement

If the proposal is agreed, the additional accommodation required to support the expansion of the school to 420 places will be provided as part of the scheme to improve the condition of the existing school building which is being funded under the government's Priority School Building Programme.

5. Tell us your views

The Governing Body and the Royal Borough of Greenwich would like to hear your views on the proposal above. This consultation period will run from Monday 11th November to Friday 6th December 2013.

Your comments will be taken into account before a decision is made by the Council later this year on whether to publish the formal Statutory Notice required to expand the school. If the decision is taken to proceed with the publication of the Statutory Notice, there will be a further period of 4 weeks for representations to be made to the Council.

At the end of the period for representation, the Council will make the final decision as to whether or not to expand the school, taking into account all comments and views expressed during the consultations and representation periods.

6. How to Find Out More about the Proposal

There will be 2 consultation meetings about the proposal at the school on Monday 18th November as follows:

- **8.55 am – 10.00 am** - mainly for pupils and parents with children at the school
- **7.00 pm – 8.00 pm** - for residents, parents, school governors and all other interested parties.

Council officers, as well as the headteacher and representatives from the governing body will be in attendance to answer any questions you may have.
