Dear

Have your say about the new way day opportunities may be run.

We hope you are safe and well during COVID-19.

We know staff are supporting you and making sure you are happy.

What would you like the Day Opportunities Service to be like in the future?

We heard what is important to people by having a 100 Day Challenge run by Ideas Alliance.

Everybody's ideas from the 100 Days Challenge have been made into a report.

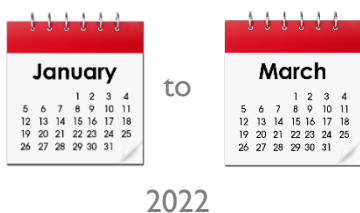

The report is about what day opportunities could be like in the future.

We now want to check that we have listened to everyone who wants to have their say. This is called '**Consultation.**'

It is very important that everyone have a say about the plans.

The **Consultation** will happen between January 2022 and March 2022.

We will write to you again in January 2022 to tell you how you can have your say.

During the **Consultation** we will meet with you safely in ways that you like best. Such as in a building or seeing you on Zoom.

You can also tell us what you think by filling out a survey.

After we have listened to you we will write a report for the 'Big Bosses' at the Town Hall to read.

The report will say what you told us you would like the day opportunities to be like in the future.

We will then let you know what the 'Big Bosses' think about your ideas.

So please be part of the consultation. What you say is very important.

Best wishes,

Alison Cuffy

A handwritten signature in black ink that reads 'Alison Cuffy'.
