Dear James Pack,

I am writing in to give my views on the Polling Districts and Polling Station Review. I am a resident of Royal Greenwich Borough and the Eltham constituency. I strongly support the addition of a new polling station in Kidbrooke Park, at the Hervey Road Playing Field. I also support the rest of the arrangements for Kidbrooke Park ward. My only suggestion for this ward would be putting the parts of Wricklemarsh road in KP3, into KP1 instead. I also support the proposals for Mottingham, Coldharbour and New Eltham ward in their entirety. Especially moving the polling station to St Alban's Church Hall in MT5, retaining the portacabin in MT2, and the small changes to Domonic Drive. For Middle Park & Horn Park, I am delighted to see an additional polling station in Middle Park, and wholeheartedly support MH2 and MH3 as polling districts, and their stations. I am also pleased that the Portacabin on Alwold Crescent has been retained, as it is vital for residents in that area. For Eltham Park and Progress I support the proposal, and the retention of the portacabins for ES2 and ES3 polling districts. For Charlton Hornfair I support the proposed CHS5, CHS6 and CHS7, especially the retention of the portacabin on Stane Way for the residents there. I also support the proposals for Eltham Town & Avery Hill, Kidbrooke Village & Sutcliffe, Blackheath Westcombe and Eltham Page, and think that these proposals are very sensible. Overall I support the proposals as mentioned above, and think that they will make sure that people are able to get to their polling station relatively easily, no matter where in those wards they live. Best wishes,

Odette McGahey

For the Acting Returning Officer

I am a parent at Halstow Primary School. I do not want it to be used as a polling station.

The negative educational impact and inconvenience for working parents of schools closing to be used as polling stations is very frustrating. Especially given 1) the close proximity of other non school community sites (such as The Bridge) and 2) how quiet and uncrowded the polling stations are.

I would strongly advocate that using schools as polling stations be a last resort and avoided unless absolutely necessary. This is particularly important with all the disruption to education over the last few years with Covid and teacher strikes.

Best wishes

Dear James Pack

I am a resident of the Royal Borough of Greenwich and the Eltham constituency and I am writing to give my views on the Polling Districts and Polling Station Review.

I do strongly support an additional new polling station in Kidbrooke Park at the Hervey Road Playing field and the rest of the arrangements for Kidbrooke Park ward. I would suggest though, putting the parts of Wricklemarsh Road in KP3 into KP1 instead.

I also support the proposals for Mottingham, Coldharbour and New Eltham ward in their entirety. Especially moving the polling station to St Alban's Church Hall in MT5, retaining the Portacabin in MT2 and the small changes to Dominic Drive.

For Middle Park and Horn Park, I am very pleased to see an additional polling station in Middle Park and wholeheartedly support MH2 and MH3 as polling districts and their stations. Keeping the portacabin on Alwold Crescent is really good as it is vital for the local residents.

The proposal for Eltham Park and Progress I fully support, including the retention of the portacabins for ES2 and ES3 polling districts.

For Charlton Hornfair, I support the proposed CHS5, CHS6 and particularly the retention of the portacabin on Stane Way for the local residents.

I also support the proposals for Eltham Town and Avery Hill, Kidbrooke Village and Sutcliffe, Blackheath Westcombe and Eltham Page. I think all of these proposals are very sensible.

I think all the proposals will be very helpful for local residents to easily get to their polling stations, no matter where they live in those wards

Regards

Dear Sir/Madam

I am a resident of Royal Greenwich Borough and the Eltham constituency and am writing to you about the Polling Districts and Polling Station Review, to express my thoughts about proposed changes to the number and locations of polling stations in my constituency.

I understand that there is a proposal for a new polling station in Kidbrooke Park, near to the playing field on Hervey Road, which I support. I also think that plans for an additional polling station on Middle Park are very good.

I also support the idea of moving the polling station to St Alban's Church Hall in Mottingham, Coldharbour and New Eltham ward.

I also support the proposals for Eltham Park and Progress ward for the retention of the portacabins for ES2 and ES3 polling districts and for Charlton Hornfair polling districts CHS5, CHS6 and CHS7, especially the retention of the portacabin on Stane Way.

I also support the proposals for Eltham Town & Avery Hill, Kidbrooke Village & Sutcliffe, Blackheath Westcombe and Eltham Page.

I believe it is vital that we give people every opportunity to vote and make polling stations as accessible as possible to all voters.

Best wishes,
David Hurst

I also support the proposals for Mottingham, Coldharbour and New Eltham ward in their entirety. Especially moving the polling station to St Alban's Church Hall in MT5, retaining the portacabin in MT2, and the small changes to Domonic Drive. For Middle Park & Horn Park, I am delighted to see an additional polling station in Middle Park, and wholeheartedly support MH2 and MH3 as polling districts, and their stations. I am also pleased that the Portacabin on Alwold Crescent has been retained, as it is vital for residents in that area.

For Eltham Park and Progress I support the proposal, and the retention of the portacabins for ES2 and ES3 polling districts. For Charlton Hornfair I support the proposed CHS5, CHS6 and CHS7, especially the retention of the portacabin on Stane Way for the residents there.

I also support the proposals for Eltham Town & Avery Hill, Kidbrooke Village & Sutcliffe, Blackheath Westcombe and Eltham Page, and think that these proposals are very sensible.

Overall I support the proposals as mentioned above, and think that they will make sure that people are able to get to their polling station relatively easily, no matter where in those wards they live.

Best wishes,

Maxine Pieri

Dear James Pack,

I am writing in to give my views on the Polling Districts and Polling Station Review. I am a resident of Royal Greenwich Borough and the Eltham constituency.

I strongly support the addition of a new polling station in Kidbrooke Park, at the Hervey Road Playing Field. I also support the rest of the arrangements for Kidbrooke Park ward. My only suggestion for this ward would be putting the parts of Wricklemarsh road in KP3, into KP1 instead.

I also support the proposals for Mottingham, Coldharbour and New Eltham ward in their entirety. Especially moving the polling station to St Alban's Church Hall in MT5, retaining the portacabin in MT2, and the small changes to Domonic Drive.

For Middle Park & Horn Park, I am delighted to see an additional polling station in Middle Park, and wholeheartedly support MH2 and MH3 as polling districts, and their stations. I am also pleased that the Portacabin on Alwold Crescent has been retained, as it is vital for residents in that area.

For Eltham Park and Progress I support the proposal, and the retention of the portacabins for ES2 and ES3 polling districts. For Charlton Hornfair I support the proposed CHS5, CHS6 and CHS7, especially the retention of the portacabin on Stane Way for the residents there.

For Middle Park & Horn Park, I am delighted to see an additional polling station in Middle Park, and wholeheartedly support MH2 and MH3 as polling districts, and their stations. I am also pleased that the Portacabin on Alwold Crescent has been retained, as it is vital for residents in that area.

For Eltham Park and Progress I support the proposal, and the retention of the portacabins for ES2 and ES3 polling districts. For Charlton Hornfair I support the proposed CHS5, CHS6 and CHS7, especially the retention of the portacabin on Stane Way for the residents there.

I also support the proposals for Eltham Town & Avery Hill, Kidbrooke Village & Sutcliffe, Blackheath Westcombe and Eltham Page, and think that these proposals are very sensible.

Overall I support the proposals as mentioned above, and think that they will make sure that people are able to get to their polling station relatively easily, no matter where in those wards they live.

Best wishes,

Barbara Cawdron

Dear James Pack,

I am writing in to give my views on the Polling Districts and Polling Station Review. that I understand the council is undrtaking

I am a long term resident of Royal Greenwich Borough and live the Eltham constituency.

I strongly support the addition of a new polling station in Kidbrooke Park, at the Hervey Road Playing Field.

I also support the rest of the arrangements for Kidbrooke Park ward. My only suggestion for this ward would be putting the parts of Wricklemarsh road in KP3, into KP1 instead.

I also support the proposals for Mottingham, Coldharbour and New Eltham ward in their entirety. Especially moving the polling station to St Alban's Church Hall in MT5, retaining the portacabin in MT2, and the small changes to Domonic Drive.

For Middle Park & Horn Park, I am pleased to see an additional polling station in Middle Park, and wholeheartedly support MH2 and MH3 as polling districts, and their stations

. I am also pleased that the Portacabin on Alwold Crescent has been retained, as it is vital for residents in that area.

For Eltham Park and Progress I support the proposal, and the retention of the portacabins for ES2 and ES3 polling districts.

For Charlton Hornfair I support the proposed CHS5, CHS6 and CHS7, especially the retention of the portacabin on Stane Way for the residents there.

I also support the proposals for Eltham Town & Avery Hill, Kidbrooke Village & Sutcliffe, Blackheath Westcombe and Eltham Page, and think that these proposals are very sensible.

Overall I support he proposals as mentioned above, and think that they will make sure that people are able to get to their polling station relatively easily, no matter where in those wards they live.

Yours

Mr Philip Thompson
